## Interaction Diagram of Pilot

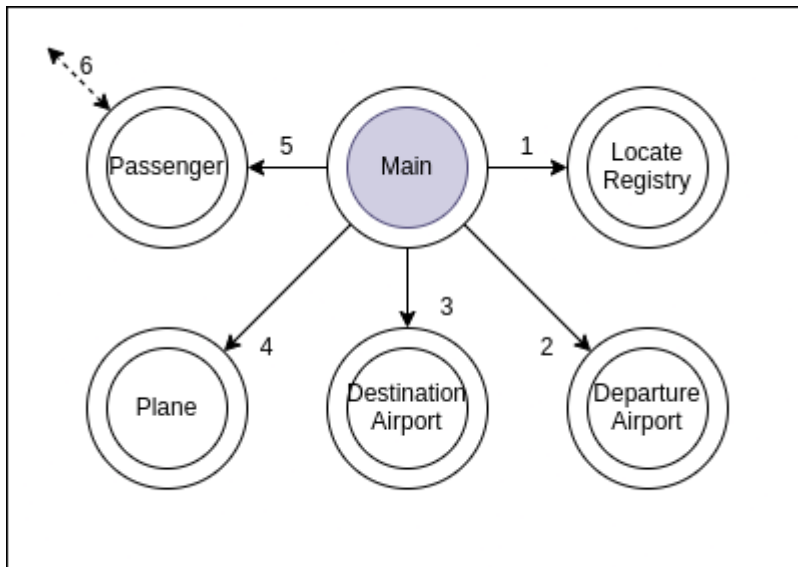

1. getRegistry
2. instantiate, lookup
3. instantiate, lookup
4. instantiate, lookup
5. instantiate, start, join
6. execute tasks

Interaction Diagram of Hostess

1. getRegistry
2. instantiate, lookup
3. instantiate, lookup
4. instantiate, start, join
5. execute tasks

## Interaction Diagram of Passenger

1. getRegistry
2. instantiate, lookup
3. instantiate, lookup
4. instantiate, lookup
5. instantiate, start, join
6. execute tasks

Interaction Diagram of Departure Airport

1. getSecurityManager, setSecurityManager
2. getRegistry
3. lookup
4. instantiate
5. exportObject
6. lookup Register, bind
7. execute tasks

## Interaction Diagram of Destination Airport
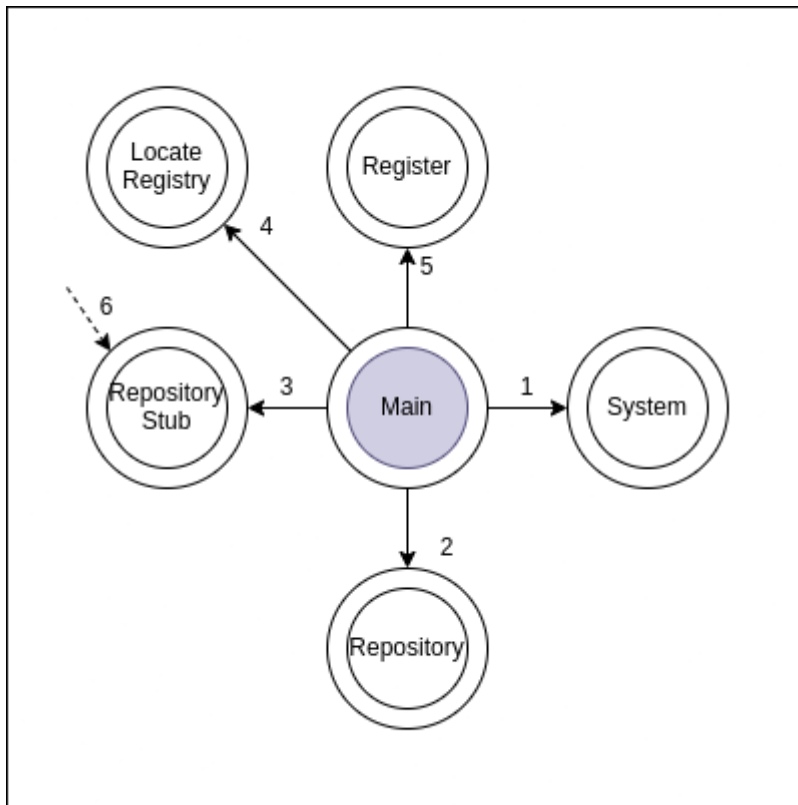

1. getSecurityManager, setSecurityManager
2. getRegistry
3. lookup
4. instantiate
5. exportObject
6. lookup Register, bind
7. execute tasks

Interaction Diagram of Plane

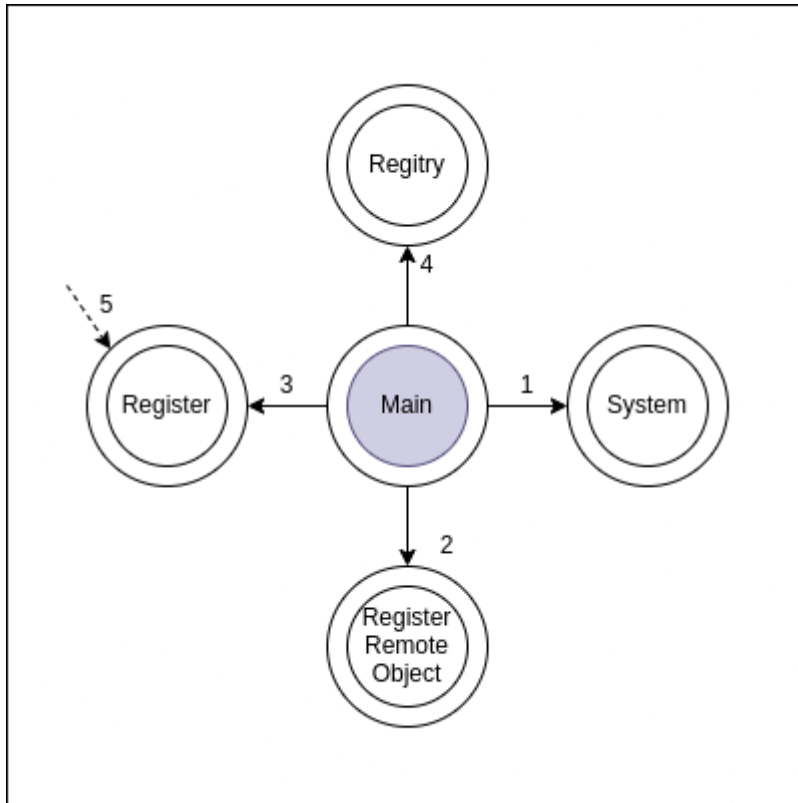

1. getSecurityManager, setSecurityManager
2. getRegistry
3. lookup
4. instantiate
5. exportObject
6. lookup Register, bind
7. execute tasks

Interaction Diagram of Repository

1. getSecurityManager, setSecurityManager
2. instantiate
3. exportObject
4. getRegistry
5. lookup Register, bind
6. execute tasks

Interaction Diagram of Register

1. getSecurityManager, setSecurityManager
2. instantiate
3. exportObject
4. getRegistry, bind
5. register servers
